

Guiding questions for implementation of personal mobile device for \_\_\_\_\_:  
People Present (may want to include an administrator, case manager, general ed teacher, and  
BTC/IT):

Date developed:

1. Primary purpose (reward, academic, communication, behavior, organization):
2. Apps to be used (if an academic or communication app we will need to collaborate with the itinerants involved):
3. Appropriate times for use (class subjects, leisure, reports, alternate presentation of learning):
4. Necessary support for device (supervision, hand over hand, modeling, training):
5. Person or people who will monitor use of device: (itinerants, general ed, para, etc.)
6. Consequences for misuse of device (blocking apps, limit access, removal, leave at home):
7. What is the plan for keeping device charged, if it runs out of charge during the day, or if it comes to school without charge?
8. Will device go home daily, on weekends, during vacations, etc?

Please give Parent Owned device form during this meeting.
