

Loan Bank Spotlight Item

The Intel Reader

Now available to check out through the loan bank!

The Intel Reader is a mobile handheld device that transforms printed text into the spoken word. It is designed to help people who have learning disabilities such as dyslexia, low vision or blindness.

- **Point, shoot and listen to printed text.**
- **The Intel Reader is about the size of a paperback book and weighs just over a pound.**
- **Holds up to 600 processed pages (images and text).**
- **You can navigate within a document by word, sentence or page.**
- **Text can be highlighted when read back to you.**
- **Plays most content including MP3 files, WAV files, and text transferred from a computer.**
- **You can transfer files via the USB connection.**
- **Has a rechargeable lithium-ion battery and plays over 4 hours of text-to-speech when charged.**
