Lingo Wearable Messaging Aid

- 8 message aid
- Memory aid
- Auditory cuing
- Quick access to voice-output communication
- Easy to change messages
- Digital engine produces clear sound

Lingo is an eight message aid that is small and light enough to be worn comfortably on the waist or around the neck and shoulder. It also works well as an independent memory aid or for auditory cuing, and for teachers who want to provide students with quick access to voice-output communication throughout the day. Lingo features seven message locations each with 25 seconds of recording time and one memo location with a full 60 seconds of recording time. Each message location can be recorded and erased independently making it easy to change individual messages on the fly. Plus, Lingo's memo button offers a list feature that allows for adding a message without recording over previous messages. Lingo also boasts a digital engine for crystal clear voice output. Lingo helps users remember important details, follow step-by-step instructions and focus their attention in a variety of learning or social environments. It's also great for shopping lists, ordering in restaurants, classroom and homework assignments, facilitating conversation, storing personal information and so much more.

Borrow the Lingo from the loan bank today!

Go to www.swaac.com and click on Loan bank/Loan bank storefront.
